

ABSTRACT

[0052] A system and method for facilitating renting and purchasing relationships. The method includes receiving at least one property profile from at least one responsible party. At least one transaction request from each of a plurality of responsible parties is received. The transaction requests are matched with the property profiles. The transaction requests are provided to the responsible parties of those properties that match the transaction request. In one embodiment, an offer received from at least one of the responsible parties is provided to at least one of the requesting parties. The method may be executed on a computer connected to a network such as the Internet.
